029 Group SE: portfolio company TRIP reports an 800% increase in UK sales throughout January across large retailers

Berlin, February 7 2023. 029 Group SE (ISIN: DE000A2LQ2D0), a global hospitality and lifestyle platform, announces that its portfolio company TRIP Drink Ltd., the UK's leading CBD brand, reported an 800% increase in sales throughout January across large UK retailers, including Waitrose, Sainsbury's and Ocado. This comes off the back of tremendous sales growth, with a reported 500% increase in sales year-over-year in H1 2022 compared to the prior year.

According to Alcohol Change UK, around nine million people planned to participate in "Dry January" in 2023, with the TRIP's CBD-containing beverages offering a soothing and alcohol-free alternative to consumers.

TRIP founder Olivia Ferdi said: "January's figures are a special milestone for TRIP and our missions, helping destigmatise conversations about mental wellbeing, and reworking misconceptions about CBD to help millions prioritise their stress."

Demand for TRIP-branded beverages increased through successful social media placement. In January 2023, TRIP reached a total of 30 million impressions on the platforms TikTok and Instagram.

029 Group SE CEO Lorin Van Nuland commented: "We see the continued strong growth of TRIP as further validation of our thesis that consumer tastes and preferences are changing with a greater focus towards greater quality and health. We are excited to continue to support TRIP and other next-generation brands that capitalize on the opportunities presented by this new mega trends, particularly amongst younger generations of consumers."
